

CONTENTS

<i>Karachentsev I.D., Kopylov A.I., Kopylova F. G.</i> Distance moduli in M 101 group from brightest stars ...	5
<i>Tikhonov N.A., Karachentsev I.D.</i> Maffei 2, a nearby galaxy shielded by the Milky Way.....	32
<i>Beskin G.M., Mitronova S.N. , Neizvestny S.I., Panferova I.P., Plokhotnichenko V.L., Popova M. Yu., Zhuravkov A.V. , Bartolini C., Guarnieri A., Piccioni A., Zampieri G.</i> Optical behaviour of GRO J0422+32 in different brightness levels	41
<i>Sokolov V.V., Kopylov A.I., Zharykov S.V.</i> Optical studies of <i>J</i> -ray burst field GRB790418 at the 6 m telescope	46
<i>Parijskij Yu.N., Verkhodanov O. V. , Pinchuck G.A. , Bajkova A.T., Gol'nev A.Ya., Esepkina N.A., Zverev Yu.K. , Majorova E.K., Mingaliev M.G., Opeikina L.V., Stotskij A.A., Temirova A.V. , Fridman P. A.</i> RATAN-600 radio telescope in the "ZENITH" mode	58
<i>Bartaya R.A., Chargeishvili K.B., Chentsov E.L., Shkhagosheva Z.U.</i> Hyper-giant 6 Cas and association Cas OB5	103.
<i>Romanyuk I.I.</i> Some problems of non-reversible CP stars. I. Spatial distribution.....	119
<i>Peterova N.G.</i> On the relation between sunspot and interspot components of microwave radiation of solar active regions	133
<i>Orlov V.G.</i> Recombination of the phase spectrum of astronomical images on the basis of bispectral analysis of speckle interferograms.....	143
<i>Glagolevskij Yu.V.</i> A new list of effective temperatures of chemically peculiar stars. II	152
<i>Romanov Yu.S., Udovichenko S.N., Frolov M.S.</i> On the magnetic variability of RR Lyrae (short communication)	169
Instrumental facilities of the 6 m telescope	171
Program of observations at the 6 m telescope in 1994.....	185
The form of the 6 m telescope observing time request	192
